WHAT OUR CUSTOMERS SAY

“I have the backing of top quality, cost-effective chemicals and technical advice. Talking to someone I know is going to help me is something I can’t put a price on.”

Tony Spring, MD,
Chrome Illusion, U.K.

“We were very impressed with ReAgent’s packing facility and warehouse, and their quality management system is excellent. They are also very competitive on cost.”

Jason Rogers, Senior Vice President,
M.G. Chemicals, Canada

“The team at ReAgent took the time to fully understand all of our needs before offering a solution. They made a potentially difficult project very easy.”

Nick Barker, Managing Director,
Theye, U.K.

“ReAgent’s patience, help, and advice were incredible, and the level of service we received gave us complete confidence.”

Becky Dare, Director,
MD Technical Solutions, U.S.A

“We were really pleased to find a quality-approved chemical manufacturing company with the flexibility and enthusiasm of ReAgent.”

Gary Wooton, Development Engineer
Autoliv, China
